Who else is enjoying monsoon season? It is very nice to cool off during a hot day with a storm rolling in. I think we can all agree that monsoons are welcome and a sweet relief.

And I'm happy to say that the arrival of the monsoons also mean that I have officially been with One for the Verde for 1 year! It certainly has been an adventure, and such a great opportunity to be part of such an awesome organization and to be part of making our community a better place. I have learned so much about the Verde Valley and all the wonderful benefits it has to offer us. I often say that this Valley is the best kept secret in AZ! One for the Verde aims to make a positive difference with the health of our local environment and local economy. As we look forward to continued success I'm excited to have such great partners in reach our goals. Thank you for being a Conservation Partner and making this program possible.

Wishing you the best,

-Melissa

Veterans Conservation Crew Support, Adopt – A – Vet Update: This year one of the grant awardee's of the One for the Verde. Adopt A Vet was awarded \$5,000.00 to support one position on their Vetern's Conservation Crew. This Vetern worked side by side with the Verde Watershed Restoration Coalition to manage invasive plant species and riparian health for the Verde River Watershed. The picture above is of the crew hard at work!

ACTION ITEM: Where are we with fundraising?

We set a goal for 2017 to raise **\$25,000.00!!** These funds benefit our community and help support a healthy Verde River. Last year we received 11 applications to support conservation projects across the watershed but could only fund 5. This made it clear to us that there is a need within our community to fund more projects for conservation, recreation, and educating the public. Our community is growing and attracting more people who come and enjoy the watershed. Whether it's hiking, kayaking, fishing or taking a dip to cool off on a hot day, the Verde Watershed is the perfect place to be in AZ! A healthy Verde River Watershed means a healthy local economy. Right now we have **\$12,000.00** to go towards funding these projects, which means we need **\$13,000 .00** Help us reach this goal, by donating monthly, attending our fundraising events and supporting other Conservation Partners.

Local businesses, non-profits and public entities working together to help restore and preserve the Verde River and its tributaries.

Welcome our Newest Conservation Partners!
